A Line o' Cheer Each Day o' the Year. First printing of an original poem, written daily for The Washington Herald. By JOHN KENDRICK BANGS.

ON A GRAY DAY.

Gray is the day, and yet For that I've no regret, For once across my way A wanderer all gray, And bent with woe passed on. Who still, despite he was so wan, Was nigh the sweetest soul I ever met, And from him very shadows shed a light Surpassing bright, Which must hath comforted My soul in moments full of dread.

Guard, but it won't be so easy for him to get all minding its reflex in the other. the criminals back in jail.

(Copyright, 1915.)

Representative Whitacre, an Ohio Democrat. told the House that the clay industry is the only one in the country not injured by the Underclay-eaters.

identify himself as a Cuban dropping papers.

trend of events indicates that the next one will redolence of fruitiul groves, with stretches of "Aren't we all trying to get ahead of one another? which Russia possessed upon the American continent would surely become the longer than his paradise for the traveler seeking recreation."

Which Russia possessed upon the American continent would surely become the longer than his paradise for the traveler seeking recreation."

It is not a hazardons prediction that the ship purchase full will force an extra session.

They should be brought to trial at once or bail obvious reason. They are less culpable than the Maryland officials strengthened its position immeasurably on the finest things that can be said about property. It bulwark. the law to be violated.

New Senator's Views on Railroads.

Warren G. Harding, who after March 4, will be ne of the Senators from Ohio, has never been known to fame as an eloquent man. A levelheaded Senator-elect, nevertheless, if his speech at the annual dinner of the Railway Business Association in New York on December 10, last, may be accepted as a good specimen of his abilities as an orator, we venture the prophecy that the already high standard of speech in the Upper NEW YORK CITY. ... Fifth Avenue Building House of Congress will be raised after the Ohio CHICAGO, ILL. ... People's Gas Building Scuator's arrival there. The Senator's remarks PHILADELPHIA, PA. ... Mutual Life Building on the occasion referred to have just been pub-Senator's arrival there. The Senator's remarks lished in full, and we have had the pleasure of month reading them. They were upon the rather general subject of "The Railways and Prosperity," and of the most striking and forceful that has come of manners," he remarked, with the delight that under our observation.

"It's the aristocracy that establishes the standard of manners," he remarked, with the delight that under our observation.

"It's the aristocracy that establishes the standard of manners," he remarked, with the delight that under our observation.

"It's the aristocracy that establishes the standard of manners," he remarked, with the delight that so many people take in heing sensational it will always prevail."

So many people take in heing sensational it will always prevail."

After describing the enthusiasm for the conto the lack of appreciation in recent years of the of one of the chief causes of bad manners." common in the Senator's boyhood, he reterred to the lack of appreciation in recent years of the to the lack of appreciation in recent years of the service performed by the railways; and he then laid down the following thesis as the one which he proposed to defend:

place, they are mercifully lifted beyond the reach to the lack of appreciation in recent years of the dominant figure in Hudson River steamboat transportation when Mr. Seward holds a gave in his left hand, and threather the air with his gold-bowed spectacles. "What is that?" he he proposed to defend:

Mr. John Li davie of the Private which was threather the air with his arms like a wind-mill when he gets a spoing; he days visit to asked.

But popular sentiment eventually gets right, and I can say tonight that the intelligent public thought of this land of ours is demanding just treatment of the American railroads.

Amid all the clamor and appeal, two thoughts are indisputably established—the efficiency of can agriculture, mining and manufacturing in- more careful." component parts of our poasted commerce, and the good fortunes of the American railways and the American people are indissolubly linked together. The present distress lowing a train of thought. of our industrial and commercial interests, happily "The only good influences." Gov. Blease's successor has declared void his and our people are so indissolubly linked together ners are, of course, merely the expression of conorder disbanding the South Carolina National that the one cannot be injuriously affected without sideration outside oneself.

ago that land of sunshine was still, for the most much about others, that is, others who are at the part, a land of hammocks and swamps as wild and opposite end of the social scale, they couldn't enprimitive as when the wandering Indians knew dure being aristocrats." wood tariff law. And American workmen are not them. "Birds of the air, fowls of the sea and Murphy began to laugh in his superior way. "I A Cuban aviator has decided not to attempt civilization left endless stretches almost untouched, we could be. What are we in the game for?" to fly over a British cruiser lying off Havana and except where here and there some man with a He looked about with his characteristic air of drop a bundle of newspapers on her deck. It is an illu-should they find it intolerable to realize their sucstration of what has happened throughout the en- cess? On the contrary, it must be a great satisthis by now." The policy may be all right, but it sounds like an unnecessary notice to the various belligerents to go as far as they please. Also it may revive the rumor that Mr. Bryan is going to resign.

Emerson sighed. "There is so much truth in what you say, Murphy, that it almost convinces me there are really no good manners in the world and never can be. It is only by forgetting their portation companies found every man's hand against them. Despite all this, what were once thought to be helitious railway values have become very real in the processes of growth that

"One thing is certain," said Senator Harding, of consideration." immished us the best and cheapest rail transportation in the world. There must be-there is-a righteous mean between plundering on the one Washington has given generously to many hand and popular assault on the other, and the worthy causes this winter, and now comes the problem of the day is to find that righteous mean, nature. He stood with his back to the wall and annual appeal of the Associated Charities and and give to our railroads our boasted square waited for the noise to subside.

sick, the poor and the unemployed of the Disson the part of press and politicians, who have for example, just before the French Revolution, trict of Columbia, who must be provided for here less inspired by public good than by personal manners had reached exquisite perfection and, Unite likely the total amount required this year profits and political gain, is passing, and that the under most terrible indignities, some of the aristopeople of Washington, who have never failed in thought. It is the opinion of ninety-nine of every manners, the past to provide for their needy, will be equal one hundred thinking people that the railways of the country are entitled to such increase of rates reached only through the possession of wealth and as not only will enable them to exist and meet Emerson twisted in his seat, as he often does Indoubtedly President Wilson's control over their obligations in dull times, but further will when he is about to take a new point of view. That's true, Murphy," he exclaimed. "And I sult of his maistence upon the passage of the ship terrals for railway construction and improvement suppose we ought not to blame aristocracy purchase full. He would be a bold and confident can be obtained at low cost), as the periods when world. Distinction is in itself an expression of partisan who would predict a victory for the White large and productive railway betterments should rarity, of the unusual. After all, why should we

Mr. Underwood a District Ally.

The wisdom of the people of Alabama in sending Oscar Underwood to the Senate was again display qualities that, otherwise, we might hide; the six or cut it Democratic Senators who, I beknew nothing whatsoever about the affairs of the among aristocrats. Manners. By JOHN D. BARRY.

our bewilderment. He relished having the advantage. He proceeded to follow it up: we must say that the Senator's speech is one "It's the aristocracy that establishes the standard so many people take in being sensational.

Emerson cleared his throat. "It's certainly struction of new railways as the all-important true," he conceded, "that the members of an arismeans of developing the country, which was so tocracy ought to have good manners. In the first common in the Senator's boyhood, he referred place, they are mercifully lifted beyond the reach

> asked. Emerson replied with calm distinctness:

Fear.

Murphy frowned. "I can't see what fear has to are indisputably established—the efficiency of American railways is absolutely essential to American railways is absolutely essential to American. "I can't see what fear has to do with manners," he said, "except to make people Emerson settled back in his chair and his eyes

"The only good influence that fear has on manhowing some signs of relief, has its reflex in the ners is to create an imitation of good manners. Its distress of our railroads, or if you prefer it dif-ferently expressed, the distress of our American ailroads is very evident in the halted condition of concern for oneself. Most bad manners are only usiness throughout the land. This is not to say a form of self-assertion. If we could forget about that the ebb-tide of American good fortune is ourselves it would be the easiest thing in the world wholly due to the distressed conditions of our rail-oads, but the fortunes of the transportation lines
